**Dear Parents and Carers,**

As we approach the time of year when colleges begin hosting their opening and information events, we would like to remind you that it is now time to start looking at applications for your child's post-16 placement.

For our Year 11 students, exploring a range of options is important, and we strongly encourage applying to several different colleges or providers. This will help ensure your child has the best possible opportunities and a greater chance of securing a place that suits their interests, strengths, and future aspirations.

If you or your child require any support with completing applications, understanding the process, or exploring suitable courses, please do not hesitate to get in touch. We are more than happy to help and guide you through each step.

Thank you for your continued support.

Kind regards,

—

Sarah Jones
