

Meet The Teacher!

About me:

Hi Year 11,
I'm Michelle and this will be my second year at Safe Start School. My favorite subject is English because you can get lost in a world of imagination.
I'm passionate about enhancing teaching practices and supporting student's with SEMH needs.
I look forward to a great school year and your last year in school, let's make it memorable.

My Favourites:

I have two little girls at home who are my pride and joy.
I love to travel and experience different cultures.
I'm a bit of a book worm and I'm excited to share my favorites with you in class.

What to Expect:

Our classroom will be a warm and supportive learning environment where we will focus on improving the students' academic progression while enhancing their emotional development.
We will focus on students' strengths and needs which will create a positive and enriching learning experience for them.

Fun facts:

During the last commonwealth games, I competed in karate and came away with a bronze medal.

I teach Karate outside of school to students aged from 3 years old all the way to 70 years old. We have travelled all around the world representing our club and country.

I also teach football 3 days a week and have 6 Grassroot teams, these are going from strength to strength, and our youngest team is training at United.
