Year 11

Michelle and Georgia

Autumn 2

## English

Our literacy focus will be 'To Kill a Mockingbird'

We will be analysing the text to look at format, structure and content.

We will use the organisational features to locate relevant information in a range of text.

## Maths

This half term in Maths we will be looking at fraction, decimals and measurements.

We will be using our prior knowledge to understand the concept of calculating the percentage of a given shape while ordering and comparing common fractions.

We will then put this to use in our practice exam papers.

## Science

In science we will delve into forces and motion. How this is used in everyday life and how technology has advanced in 2024.

## Humanities

During our lessons this half term the year 11'S will be looking into our local history and how Britian has changed over the last 200 years.

We will also look at the food waste and we can make a positive impact on the environment.

# Classroom Newsletter

## PSHE

We will be looking at how we can have healthy relationships and keep ourselves safe during these relationships. We will be using local companies and nurses to engage in work around this.

## RE

This half term we will be comparing lives of women over the past 100years, how their roles in the house and education system has changed. We will the produce a podcast around our findings.

## Art

This half term we will be looking at the world of Banksy and how he has made an impact on the lives of so many. We will create a portfolio of our own 'Banksy' themed artwork.

## Sport

Year 11 will gain the experience of BMX biking as well as engaging in boxing lessons and trying their hand at KMMA lessons with a qualified instructor.

## Important Reminders

'The beautiful thing about learning is nobody can take it away from you'
